<b>Total Hours</b>	1			1	1	3	4.5	10.5

Signature:

Status Report:

- Attended all three meetings this week on Monday, Thursday, and Friday.
- Assigned team member roles for the development phase
- Told team members to look over web development using PHP, and to complete the CodeIgniter tutorial on their own time to get an understanding of how it works.
- Got a web server instance running on Amazon Web Services, that hosts the source code from our GitHub repository.
- Put up Team Weekly Report for this week.
