

Meeting Minutes

Thursday, March 15th from 10:00 – 11:00 am and 1:00 – 2:00 pm

- Sam is tasked with finding out the libraries that will need to be included in the server for the encryption.
- Logan is tasked with creating the database in phpMyAdmin.
- Katie is tasked with creating the Home, About pages in HTML.
- Max, Ethan, and Dylan are tasked with creating the templates for the Model, and Controller classes. The classes will be split up accordingly among the three of us later today.
