Status Report:

- The team had three meetings this week. One on Monday, one on Tuesday, and the other on Friday. Meeting minutes can be found on the project website.
- The weekly meeting on Monday was a discussion about what system architecture would be the best choice for our system. We also made an outline of the structural model of our system.
- The meeting on Tuesday was a discussion of the inner components of the Model-View-Controller architecture of our system.
- During meeting on Friday, each member was assigned a concrete role in the design.
