Status Report:

- We have discussed and decided to have a weekly meeting every Monday from ~1:00 – 2:00 pm. Additional meetings throughout each week will be necessary later in the term.
- The team had two meetings this week, one on Monday and the other on Thursday. Meeting minutes can be found on the project website.
- Got a project website up, hosted by our repository on GitHub. It is still incomplete; member descriptions and project description will be updated after finalizing our choice of project and the roles that each team member will play within.
- Our choice of project will be chosen during the meeting Monday, we will then continue work on the project plan during the meeting, and again on Tuesday during another meeting at 5:15 pm.
