Documentation								
Technical (design, coding,, testing, etc)								
System Design				1.0				1.0
Total Hours	1	2.0						4.0

Signature Max Jennings

Timesheets are due at the beginning of class each Monday.

For meetings, simply list the hours.

For other types of activities list the hours and the activity.

Status Report: The week began with finishing the project plan. Tuesday's meeting was primarily concerned with getting an understanding of how we think the system should operate; topics discussed included UI and database design to figure out what will work best for this system. We are now developing a CR diagram for the system.

Describe YOUR work effort for the week as it relates to the project.

Completed my portion of the project plan earlier in the week (project schedule and Gantt chart). Attended Tuesday's meeting to discuss the system design. Spent about an hour later in the week to get an understanding of the system to better prepare for next meeting.
