

Meeting Minutes

Members Present (5 of 6):

- Katie
- Max
- Ethan
- Dylan
- Sam

Monday, February 27th from 5:15 – 7:15 pm

- Worked on the design document as a group.
- Discussed the design of our system using the MVC architecture more in depth. Determined the inner components of the Controller and Model, and the majority of View.
- Got a better understanding of the structural model of our software, further developing the concepts for our classes.
