

CSCI 485 Team Status Report

Team #1

Week of March 18th through March 24th, 2018

Team Members: Katie MacEachern
 Max Jennings
 Ethan Rouse
 Logan Brown
 Samuel McKinnon
 Dylan Coakley

Status Report:

- The team had three meetings this week. One on Monday, and another two on Thursday. Meeting minutes can be found on the project website.
- Logan completed the implementation of the database on phpMyAdmin, and shared it with the rest of the group
- A lot of functionality has been implemented in the web application, such as:
 - User registration
 - User login
 - Raffle creation
 - Raffle look-up
 - Raffle request join
 - Edit account info
- Sam completed the password encryption for user registration and login.
- We plan to integrate Katie's UI design using bootstrap later on so it does not interfere with the actual implementation of the functionalities.
- Max, Sam, and Logan are responsible for the creation of the Test Report, (i.e. making up test cases and trying them on our system to determine if it is functioning correctly) as well as the User Manual.
