 Dylan Coakley

Status Report:

- The team had four meetings this week, one on Monday, Tuesday, Wednesday, and another on Friday. Meeting minutes can be found on the project website.
- The meeting on Wednesday was a conference call with our client, where we discussed what they were looking for in terms of software.
- The meeting on Friday was an in person interview with our client. All team members traveled to Port Hawkesbury. We discussed how we can extend her initial idea into something that has more functionality and can be used in a more general sense, not just by the Chamber of Commerce. She thought our ideas were wonderful, and she wished for us to pursue them.
- So, we have finally finalized our project concept. We are completing the project plan and will have it done as soon as possible.
