

CSCI 485 Team Status Report

Team #1

Week of January 21st through January 27th, 2018

Team Members: Katie MacEachern
 Max Jennings
 Ethan Rouse
 Logan Brown
 Samuel McKinnon
 Dylan Coakley

Status Report:

- The team had two meetings this week, one on Monday, and another on Tuesday. Meeting minutes can be found on the project website.
- The weekly meeting on Monday was a progress update for everyone's assigned portion of the project plan, as well as help for some who were unsure about the exact format of what was asked.
- The meeting on Tuesday was an in-depth discussion about the interface and general functionality of the software. The team sketched a basic concept of the software's layout, described how different types of users would interact with the system, and how the underlying system would operate from a high-level overview.
- The project plan was completed on Tuesday. It was passed into the instructor and posted on the project website as well.
- Each member's role as pertains to the specification and requirements document will be ironed out during the next weekly meeting on Monday, January 29th.
